How Many Clean Days?

Counting days when she is unsure: 7 to 17.

© 2026 yedies.com

THE KEY

One cycle: 7 niddah days, then 11 zivah days

Each box is one day

CASE 1

She saw blood for 1 day

Worst case: what kind of day each box is

What happened: her blood and her clean days

Navy = niddah day Sand = zivah day Copper = blood Teal = clean day she still needs

17 clean days (days 2 to 18)

THE RESULTS

Never fewer than 7, never more than 17

Days of blood in a row	Clean days needed
1, 2 or 3	17
4	16
5	15
6	14
8	12
10	10
12	8
13 or more	7
